

Curriculum Vitae

- Name:** Dr. Dil Afroza Begum
- Date of birth:** 16th February, 1954
- Husband's Name:** Dr. Gholam Mostafa
- Profession:** Professor, Chemical Engineering Department, BUET.
- Nationality:** Bangladeshi
- Present Address:** Flat # 2/C, House # 47, Road-5, Dhanmondi R/A, Dhaka-1205
- Permanent Address:** Vill: Dakhin Raghobpur, Post+Upazila+District: Pabna
- Telephone:** Mobile: 01777743667
- Service Record:**

Date	Position
May, 2015 to till date	Member, University Grants Commission of Bangladesh
August, 2007 to till date	Selection Grade Professor, Chemical Engg. Deptt., BUET
November, 2009 to September 18, 2012	Head, Chemical Engineering Department, BUET
July, 2005 – July, 2007	Head, Chemical Engineering Department, BUET
March, 1997 - March, 1999	Head, Chemical Engineering Department, BUET
April, 1996 – August, 2007	Professor, Chemical Engineering Department, BUET
April, 1986	Associate Professor, Chemical Engineering Department, BUET
February, 1982	Assistant Professor, Chemical Engineering Department, BUET

10. Degrees Obtained:

Educational Institution	Certificate/Degree	Passing Year	Marks	Specialization
Pabna Govt. Girls' High School	S.S.C. (science)	1969	76.8%	-
Pabna Edward college	H.S.C (science)	Examination of 1971 held in 1972	77.8%	-
Moscow Institute of Petro-chemical and Gas Industry named after Academician Gubkin I.M.	M.Sc. in Engineering with honors	1978	Excellent (A+) grade in all subjects	(1) Chemical Technology of Oil and Gas Processing (2) Reaction Engineering (3) Environmental Engineering.
-Do-	Ph.D. in Chemical Engineering	1981	-	

11. Publications (Total publications: 57, list of publication has been attached herewith)

Papers Published in Referred Journals/Patent/Newspaper	Papers presented in Conferences	Review Papers/Interim Research Reports submitted to different organizations	Book
Patent: 1 (Patented in foreign country) Papers: 14 (Published in Journals) Technical Papers Published in National Newspapers: 6	International Conference: 14 National Conference/Seminar: 6	15	A research article has been published in a book entitled: International Series on Chemical Engineering, Utilization of Natural Resources, Chemical Engg. Approach, Editors: H.S. Ray, A.K. Mitra, Publisher: Wiley Eastern Ltd., New Delhi, P. 132-140. (1994)

12. Honors and Awards:

- i. Received “Birshrestha Medal ’88 for Science” offered by the Youth Development Organization in 1989.
- ii. Received “Bangladesh University Grants Commission Award ’84 for fundamental work on hydrogenation catalytic system development in 1989.
- iii. Received “IEB Best Division Award” (twice) for organizing Chemical Engineering Divisional activities at IEB.
- iv. Honored by ZONTA International, District XXV in recognition of her outstanding achievement and research activities in the field of Chemical Engineering, 12 March 2015.

13. Research Interest:

- a. Oil and Gas Processing
- b. Energy and Environment
- c. Reaction Engineering

14. Theses Guided:

- a. Undergraduate theses: More than 100
- b. M.Sc. Theses: 5
- c. Member of the Doctoral Committee of a Ph.D. Thesis

15. On Going Projects:

- a. Supervision of Ph.D. Thesis of Mr. Mominur Rahman
- b. Re-opening of Chemical Complex of BCIC (as consultant)

16. Past Sponsored Research Activities, Consultancy and Expert Services:**A) Sponsored Projects:**

Convener of Group 2 (Quality) of Higher Education Policy for 2017-2030
Bangladesh Air Pollution Studies. Consultancy Services for Studies on Emission Inventory, Decision Modeling, Source Apportionment, Dust Control, and Industrial Emissions. This contract has been signed between the Department of Chemical Engineering and NILU (Norway) for the period of 2012-2014. Project team: Dr. Dil Afroza Begum, Mr. Mominur Rahman and Dr. Nooruddin Ahmed. Sponsoring organization: World Bank. Completed in 2015
JICA sponsored research work related to Air and Water Pollution completed in 2014.
BRTC of BUET sponsored project: A Study of the Behavior of Low Temperature Shift Catalysts Prepared Under Different Conditions (Project Director)
BRTC of BUET sponsored project: A Study of Optical and Chemical Properties of Peat Available in Bangladesh (Research Associate)
University Grants Commission sponsored project: A Study of the Factors Affecting the Reactivity of Carbonized Peat Particles from Kola Mouza (Project Director)
IDA sponsored project: The use of Methanol as a Domestic and Industrial Fuel (Research Associate)
Bangladesh Chemical Industries Corporation sponsored project: Characterization of the Activity and Aging Properties of Catalysts (Research Associate)
Award received from the Ministry of Science & Technology for upgrading of the laboratory related to energy and environment
Design checking of refineries built in private sector as expert of Petrobangla
Team leader of Ministry of Education sponsored research project entitled “Development of Bio-degradable Plastic Bags in Context of Bangladesh.”

B) Consultancy Services:

- i. Consultancy services to Power Development Board on “Gavanized Structural Members of High Tension Transmission Lines”.
- ii. Consultancy services to Padma Oil Company Ltd. On “Gas Chromatographic Analysis”.
- iii. Consultancy services to Bangladesh Chemical Industries Corporation on “Characterization of the Activity ad Aging Properties of Catalysts”.
- iv. Consultancy services to Bangladesh Chemical Industries Corporation on “High Temperature Shift (HTS) Converter Catalyst of CUFL”.
- v. Consultancy services to Rural Development Project-7, local Government Engineering Department on “Bitumen Road Emulsions”.
- vi. Consultancy services to Fillipo Fochi Energia on “Natural Gas Analysis”.
- vii. Consultancy services to foreign and local organizations on natural gas and gas-condensate quality assessment.
- viii. Consultancy services offered to Union LP Gas Limited on LPG Quality Assessment
- ix. Consultancy services offered to Power Plants, Brick Field and BOC for air quality monitoring
- x. Consultancy services to private refineries in Bangladesh to design their plants.
- xi. Consultancy services to Ministry of Energy for Checking Design and Operation of Refineries Built in Bangladesh by private sector.
- xii. Convener of “Feasibility Study of Re-opening of Chittagong Chemical Complex”, conducted in-2011.
- xiii. Member of the committee of “Investigation on KPM Rehabilitation”, conducted in 2011.
- xiv. Co-convener of the committee formed to prepare guidelines of ship-breaking industry. These guidelines were prepared in 2011.
- xv. Team leader of the design checking committee of several gas condensates based atmospheric distillation plants, conducted in 2009 – 2014.

C) Expert Services:

Worked as an expert in different committees of DOE, BCIC, BCSIR, Petrobangla, BPC and Ministry of Industry, Bangladesh, World Bank, Asian Development Bank, Nilu and JICA.

17. Visit to Foreign Countries to Carryout Academic Activities:

	Organization	Year
i.	Worked for three months as visiting fellow in the Department of Chemical Engineering of the University of Leeds (U.K.) under the joint research program between BUET and the University of Leeds.	1985

ii.	Attended a short course on Petroleum Industry Development in Canada organized by ASIPIID and financed by CIDA.	1988
iii.	Visited Malaysia to present papers at the CATCON'91 (Asia-Pacific Catalysis Conference, Bangi).	3-5 July, 1991
iv.	Visited India to present paper at the National Seminar on Application of Chemical Engineering in the Utilization of Natural Resources, Bhubaneswar, India.	24-25 February, 1993
v.	Worked as BUET Technical Expert at the University of Alberta, Canada for the period of 16(sixteen) weeks	(6/5/96-26.8.96).
vi.	Worked as visiting professor for 26 days in the Chemical Engineering Department of the North Carolina A & T State University, USA.	February, 2004
vii.	Visited Sarawak , Malaysia to present research paper at the 2 nd World Engineering Congress	July, 2002
viii.	Visited Agra, India to present paper at the Better Air Quality Conference.	December, 2004
ix.	Visited Bangkok to carryout academic activities of the King Abdullah University of Science & Technology, Saudi Arabia	December, 2007
x.	Visited University of Kitakyushu, Fukuoka, Japan, to attend the international conference on environment.	September, 2010
xi.	Visited Center for Science and Environment, New Delhi, India to attend the “South Asian Workshop on Natural Gas Vehicle Program”	February 27-March 1, 2012.
xii.	Visited UK to present paper at the “International Conference on Environmental Engineering and Technology, London”, Organized by the World Academy of Science, Engineering and Technology.	October 24-25, 2014
xiii.	Visited Seoul, South Korea to participate in “Management Track Training Program” as a representative of UGC.	November 21-28, 2015
xiv.	Visited Delhi, India to attend a seminar on “Teaching-Learning and New Technologies in Higher Education”	February 24-27, 2016
xv.	Visited Shanghai, China to attend conference of World Intellectual Property Organization	November 17-18, 2016
xvi.	Visited Maldives to represent the Chairman, UGC in the 11th meeting of the Committee of the Heads of University Grants Commissions/Equivalent Bodies	April 02-03, 2017

18. Activities at BUET and other Organizations which may be considered as social and professional work:

- Chairman, Technical Committee (ICS) of Infrastructure Development Company Limited (IDCOL).
- Fellow, The Institution of Engineers, Bangladesh (IEB)
- Elected Central Council Member of the Institution of Engineers, Bangladesh (IEB) from 2004 till to date.
- Member of Board of Accreditation for Engineering and Technical Education (BAETE).
- Adviser, Women Architects, Engineers and Planners Association, Bangladesh.
- Member of editorial board of the Journal of Chemical Engineering Division and Multidisciplinary Journal of IEB.
- Member of Industrial Advisory Committee of Chemical Engineering Department, BUET.
- Life member of the Bangladesh Association for Advancement of Science.
- Member of the Bangladesh Society for Conservation of Environment (BSCE).
- Member of the executive committee of Bangabandhu Parishad at BUET.
- Worked as member for the formulation of “Unified Teachers’ Recruitment and Promotion Policy of Public Universities” in 2017

- Worked as Chief Editor of “Universities of Bangladesh-2016”, “UGC Profile-2016”, “UGC Annual Report 2014 & 2015”, Convener of “UGC Award 2014-15” and “Prime Minister Gold Medal Award 2011-12 & 2013-14”
- Worked as the member of the scrutiny committee of National Accreditation Council Act
- Member of the Bangabandhu Prokoushali Parishad at IEB.
- Former expert Member of the Tender Committee of BCSIR.
- Former Treasurer, Chemical Engineering Alumni Association.
- Former Vice-President, Women Architects, Engineers and Planners Association, Bangladesh
- Former Member of Tender Committee of Chemical Engineering Dept., BUET
- Former Chairman, International Conference on Chemical Engineering-2014. Held on 29-30 December, 2014.
- Worked as Member of the Selection Committee, Moderator of Question and Question Paper Setter of Public Service Commission, Government of the People’s Republic of Bangladesh.
- Former Chairman, Management Committee of Chemical Engineering Development Fund at BUET.
- Former Member, Bishabiddalay Parisad, Bangladesh.
- Former Member of the Executive Committee of the Association of Canadian Petroleum Industry Alumni, Bangladesh. This Organization worked on Energy Sector Development of our Country.
- Former Member of Equivalent Committee of IEB.
- Former Member Secretary of Task Force on Gas Sector of IEB.
- Former Convener, Committee of Petrochemical Industries for D-8 countries.
- Former Gender Advisor, University of Alberta-BUET Linkage Project.
- Former Member of the local and national committees of the World University Services (WUS).
- Former Project Director on “Women Development Project” of WUS.
- Former Assistant Provost, Chhatri Hall, BUET.
- Former Chairman (Twice), Chemical Engineering Division, The Institution of Engineers, Bangladesh (IEB).
- Former Vice Chairman, Chemical Engg. Division, IEB.
- Former Member of the Executive Committee of Engineering University School. This committee established the Engineering University College at BUET.
- Former Treasurer of the Local Committee of WUS at BUET.
- Former Project Coordinator of Gas Sector Infrastructure Development Project, IEB.
- Former External member of the project proposal scrutiny Committee of BCSIR.
- Former Member of the Safety Committee formed by The Institution of Engineers, Bangladesh (IEB).
- Former Secretary of undergraduate and Post-graduate Board of Studies of Chemical Engg. Dept., BUET.
- Former External member of Science Faculty of Dhaka University.
- Former editor-in-charge of the Journal of Chemical Engineering Division, IEB.
- Former Member of the Expert Committee for Cosmetics and Lubricating oils of the Bangladesh Standards and Testing Institution.
- Worked as a member of complete proposal (1-4th round) evaluation team of HEQEP of UGC & Commonwealth Scholarship Selection Committee, UGC.
- Former Member, Project Proposal Assessment Committee, University Grants Commission (UGC).

LIST OF PUBLICATIONS

A. Main publications:

1. Begum, D.A., Rahman, M.M., Razia, S.S., (October 24, 2014), Impact of Developed Mud-Built Cook-Stoves on Reduction of Indoor Air Pollution Level Prevailing in Rural Bangladesh. pp-770-781, proceedings of the conference October 24-25,2014, London UK. International Scholarly and Scientific Research & Innovation. International Science Index.org, organized by the World Academy of Science, Engineering and Technology.
2. Begum, D.A., Hossain, I., (October 7-9, 2012). “Bangladesh Petrochemical and Fertilizer Sector”. 3rd Ministerial Meeting on Industry/7th Meeting of the Working Group on Industrial Cooperation, WGIC, Dhaka.
3. Begum, D.A., (February 27 – March 1, 2012). “Country Paper on CNG Program in Bangladesh”. Presented in “South Asian Natural Gas Vehicle Program” conducted by Centre for Science and Environment, New Delhi, India.
4. Begum, D.A., Ahmed K.M. Tanvir, (January 12-17, 2012). “Impact of Regional Cooperation on Reduction of Air and Water Pollution Level of Dhaka City”. pp,38-48, Proceedings of the National Seminar, The Institution of Engineers, Dhaka, Bangladesh.
5. Haque Farah, Samain Afrina and Begum D.A., (29-30 December, 2011). “Catalytic Degradation of Waste Polyethylene into Liquid Fuel Over Zeolite Catalyst”. pp-337, Proceedings of the International Conference on Chemical Engineering.
6. Ahmmmed, K.M. Tanvir & Begum, D.A., (September 4, 2010). “Air Pollution Aspects of Dhaka City”. pp-129-131 Proceedings of ICEAB10, University of Kitakyushu, Fukuoka, Japan.
7. Begum, D.A., & Ahmed K.M. Tanvir, (September 4, 2010). “Water Quality Aspects in and around Dhaka City”. pp-175-178, Proceedings of ICEAB10, University of Kitakyushu, Fukuoka, Japan.
8. Begum, D.A., (January 2005). “Critical Assessment of CNG Technologies used in Bangladesh”. Presented at the Seminar organized by the Commilla Centre of the Institution of Engineers Bangladesh.
9. Begum, D.A., (6-8, December 2004). “Air Pollution: A case study of Dhaka City”. Presented at the Conference (BAQ-2004) organized by the Society of Indian Automobile Manufacturers at Agra, India.
